## BASEBALL CLUB SEEKING FUNDS

### Merchants to Be Solicited for Support to Team in Wasatch League

A drive to raise \$1500 in Ogden for the Ogden Baseball club has been started by the subscription committee. Already \$520 has been subscribed and the committee is sending out "requests" to the merchants and business men of the town, requesting contributions to help defray the expenses of the Ogden organization in the Wasatch League for the season of 1920.

R. H. Wells of the committee today issued this statement:

"The town or city which supports healthy outdoor sports is a live one and Ogden is looked to come to the front. Each slip given out will be called for as it is the intention of the committee to figure the percentage of favorable responses in this drive. Get behind your home team and stay right there through the season. Success in baseball can be largely contributed to by attendance—which means encouragement to the players—at the games. The slips will be called for within two or three days after being left."

## Hawaiian Sets Record for 100-yard Swim

HONOLULU, T. H., April 20.—Warren Koolaha of Honolulu swam 100 yards' back stroke in the Hawaiian centennial swimming meet here last night in 1 minute and 5 seconds, breaking the world's record by 1-5 of a second. Ethelda Bleibtrey of New York swam the 100 yard national women's championship, free style, in 1 minute 5 and 3-5 seconds, four-fifths of a second under the world's record.

## Fulton Offers Bout to French Champion

ROCKFORD, Ill., April 20.—Fred Fulton has offered to box Georges Carpentier here at any time and any number of rounds, it was announced today by the Camp Grant Athletic department. A letter from Fulton making this statement said he would devote his share of the proceeds to wounded soldiers.

Captain C. C. Herrick, athletic officer, will attempt to persuade Carpentier to agree to the match.

## Western League Will Open Season Today

KANSAS CITY, Mo., April 20.—The 1920 Western league baseball season opens today. The forecast in the four towns where the openers will be played was for fair weather.

The schedule of season openers follows:

St. Joseph at Oklahoma City; Omaha at Tulsa; Des Moines at Wichita; Sioux City at Joplin.

## Zbyszko Wins Two Straight Falls in Match

MILWAUKEE, Wis., Apr. 20.—Stanislaus Zbyszko, last night won two straight falls of a catch-as-catch-can wrestling match from Demetrius Tofalas, heavyweight. Tofalas succumbed to a crotch and double wrist lock in fifty minutes and to toe and half Nelson in three minutes.

## Premature Blast Fatal

ALLENTOWN, Pa., April 20.—Six men were killed and three seriously injured at Ormond by the premature explosion of a dynamite blast in the quarry of the Lehigh Portland Cement company.

## Hockey Team Arrives

ANTWERP, April 19.—America's hockey team, which is entered in the first big events of the Olympic games to be held here this spring and summer, arrived today.

## CAVELL MEMORIAL IS UNVEILED IN BRITISH CAPITAL

Londoners inspecting Edith Cavell memorial after unveiling ceremony.

The memorial erected to the memory of Edith Cavell, heroic nurse who was executed by the Germans as a spy, was unveiled at London recently with impressive ceremonies. Members of the royal family and high military officials attended the unveiling.

## OPPOSE VALERA AS 'PRESIDENT'

### Alabama Governor Is Against Irish Leader's Visit to Southern Cities

MONTGOMERY, Ala., April 20.—Resolutions adopted by the Birmingham post, American Legion, requesting that he proclaim Eamon de Valera, "provisional president of the Irish republic," to be persona non grata, in Alabama, were presented to Gov. Kilby. Gov. Kilby replied that while it was not within his official province to issue such a proclamation, he was of the personal opinion that the "patriarch" of Valera and his Sinn Fein propaganda should have long ago received the attention of the state department.

"Were I directing official of that department," he added, "I would order the deportation of de Valera without delay."

## RECEIVED AS CITIZEN

ATLANTA, Ga., April 20.—de Valera will be received on Friday by Mayor Key with the courtesy "due a visitor to the city, but not as president of the Irish republic," it was announced today. The mayor's position was stated as a result of resolutions adopted at the Baptist tabernacle last night opposing the reception of de Valera as Irish "president."

## CABINET MEET ON ROUTINE MATTERS

WASHINGTON, April 20.—President Wilson met with his cabinet today for the second time since his illness interrupted the regular schedule of meetings last fall. It was said that matters of a more or less routine nature were considered.

## PAL MOORE WINNER

PROVIDENCE, R. I., April 20.—In the first public boxing match here in twenty years, Pal Moore, of Memphis, gained the decision last night over Roy Moore, of St. Paul, in a 12-round bout. Permission to hold the fight was granted by the police commission to the local American Legion post.

## SIMS STRAINED SCIENCE LISTENS POINT IN TALK FOR MARS SIGNAL

### Captain Pratt Testifies Navy Delay Did Not Justify Claims Made

WASHINGTON, April 20.—Rear Admiral Sims "strained a point to make a case against the navy" when he charged that its failure to co-operate fully with the allies during the first few months of American participation in the war postponed victory four months, Captain Pratt, wartime assistant chief of operations, declared today before the senate committee investigating the "Sims-Daniels row."

Pratt said only one charge made by Sims could properly be considered grave. That, he said, was the assertion that failure of the navy to throw its full weight into the struggle from the start cost \$15,000,000,000 and 500,000 lives.

"What does Admiral Sims mean?" the witness asked. "Can we, a nation at peace, no matter what our inclinations may be, perform overt acts of preparation which are only justified acts of war? I deny the charge."

Pratt told the committee that during the early part of the war only nine or ten anti-submarine craft were kept at home to protect the Atlantic coast, while during the same period the British admiralty kept 111 destroyers and the grand fleet entirely out of submarine operations.

### Earth and Mars Closer This Week Than Any Part of Year

OMAHA, Neb., April 20.—An attempt is being made this week to pick up wireless signals which the alleged inhabitants of the planet Mars are believed by experts to be sending out to the earth. This announcement was made today by Dr. Frederick Millener, wireless expert of this city.

Dr. Millener explained that during this week the earth and Mars will be closer together than at any time during the year and for that reason the experiment will be conducted now.

In his statement today Dr. Millener said:

"A wireless signal is a form of an invisible light wave of a definite rate of vibrations and oscillations. With the modern means of interpreting these definite rates it is not impossible to believe that some rhythmic mathematical signal made by a light wave or some modification of such character might be intercepted by means of radio apparatus upon this earth."

## GERMANS SAY DEATH OF YANKEE JUSTIFIED

BERLIN, April 19.—Documentary evidence collected by German governmental authorities concerning the circumstances surrounding the death of Paul R. de Mott of Patterson, N. J., who was killed by a sentry in a prison at Wessel, recently, was made public here today. In view of the fact that further action, if any, lies with Washington, members of the American commission here are unwilling to state definite views of the case.

It is held by German government authorities that sufficient material has already been submitted, especially re: work of the Mot's associations, to make a case for the legitimacy of the treatment to which he was subjected.

## Unable to Connect Three Ohio Murders

STUEBENVILLE, O., April 20.—Jefferson county authorities discredit beliefs expressed in Martin's Ferry yesterday that the brutal slayer of the 11-year-old Frances South at Adena on March 25 is the same that murdered Mrs. John Burkhardt and daughter Lillian at their home in Martin's Ferry last Friday night.

The sole purpose of the Martin's Ferry double appears to have been for the purpose of obtaining valuable papers since a large sum of money in a safe was left untouched, and yet the safe was ransacked.

Harry Miller, who confessed to the Adena crime at a religious service last week, will be sent to an asylum this week. His story of the crime is entirely discredited.

## "POULTRY FARM" RENTED BY CITY FELLERS PROVES TO BE A MOONSHINE HATCHERY

The house on the "poultry farm" and view of the room containing the still which was removed by officers. Artist has indicated the still. The old shack above smacks of the Kentucky hills, the Tennessee mountains and the Virginia ridges, but it really is located near Evansville, Ind. It and the land about it were rented by some "city fellers" as a poultry farm, but revenue officers who raided the place recently found a whiskey still in operation.

## Army, Navy, Marines Given General Raise

WASHINGTON, April 20.—Increased pay for commanding officers and the enlisted personnel of the army, navy, marine corps, coast guard, and public health services was agreed upon today by house and senate conferees.

The amount, duration and other details of the increase remain to be worked out. The house conferees decided in favor of the general principles of the senate measure, which also provided for a 20 per cent advance for all members of all the services. The house measure provided a raise of 31 per cent for only the enlisted personnel of the navy.

Under the senate bill, the increase was to be permanent while the house measure limited it to one year.

## 10 Wives of Bigamist Are Unaccounted For

LOS ANGELES, Cal., April 20.—The entangled matrimonial alliances of Richard Hirt, alleged bigamist, were still occupying the attention of sheriff's deputies here and in adjacent counties today, while telegrams continued to arrive from other sections of the west, throwing additional light on the methods whereby the men is believed to have acquired twenty-nine wives, of whom ten are missing.

## 48 States to Send Women to Delaware

CLEVELAND, April 20.—Forty-eight Republican women—one from each state in the Union—will invade Connecticut May 1 to participate in a ten days' campaign in the interest of suffrage ratification by the amendment to the constitution. This announcement was made by Mrs. Harriet Taylor Upton of Warren, president of the Ohio Women's Suffrage association.

## COST TO PRODUCE COAL \$2.32 A TON

WASHINGTON, April 20.—The trade commission announced it cost \$2.32 a ton to produce coal in January this year as compared with an average of \$2.04 a ton per month for 1918. The figures were based on reports obtained by the commission under the order which Justice Bailey ruled was invalid and came from 1,589 operators.

The average sales realized for January was \$2.78 a ton as compared with \$2.60 in 1918 in the case of 1,272 operators, leaving a margin between cost of production and sales realization of forty-six cents a ton in January as compared with an average of fifty-six cents in 1918. This did not represent the actual profit, however, since production costs submitted did not include selling expense, interest, excess profits tax and other items.

Of the total production cost per ton in January by far the largest item was labor, amounting to \$1.74 as compared with \$1.49 in 1918.

## CENSUS STATISTICS

WASHINGTON, April 20.—Gary, Ind., 55,344; increase, 38,542, or 229.4 per cent.  
Ada, Okla., 8,012; increase, 3,663, or 84.2 per cent.  
Devil's Lake, N. D., 5,149; decrease, 17, or 0.3 per cent.  
Newburgh, N. Y., 39,297; increase, 2,467, or 6.9 per cent.  
Dunkirk, N. Y., 19,336; increase, 2,115, or 12.3 per cent.

The largest organ in the world will be installed in the cathedral here near completion in Liverpool. This mammoth among musical instruments will have no fewer than 16,567 pipes and 215 stops, each actuated by its separate draw-stop knob.

## Mrs. Blossom Marquard Files Suit for Divorce

CHICAGO, April 20.—Mrs. Blossom C. Marquard, known in vaudeville as Blossom Seeley, has filed suit for divorce from Richard (Rube) Marquard, pitcher for the Brooklyn National league club. She charged desertion since 1918. They were married in 1913. They have one son.

The Chinese are very fond of an extraordinary dish called "milhi," which is made of live new-born mice dipped in honey.

It is estimated that the total of British capital invested in Mexico amounts to about \$500,000,000.

## How Will You Feel Two Weeks From Today?

Weak, Nervous and Tired Out —or Strong, Vigorous and Full of Energy?

WEAK OR STRONG?

New York Physician Tells How Nuxated Iron Increases the Strength and Endurance of Nervous, Weak and Run-Down People in Two Weeks' Time, in Many Instances.

"One of the most remarkable things to me about the use of organic iron—Nuxated Iron," says Dr. Ferdinand King, New York physician and medical author, "is the quickness with which most people feel its health-giving and strength-giving effect. Patients come to me worn out with the nervous struggle of modern life, under-nourished because of modern methods of cooking, and often their run-down condition is due largely to lack of iron in the blood. I prescribe organic iron—Nuxated Iron—and in many cases they come back to me in two weeks' time with sparkling eyes and a new vigor in their step—like different people with a happier, healthier outlook on life—all because they have given their blood the iron for which it was starving."

"Iron is the red blood food," Dr. King adds, "that helps strengthen the nerves, restore wasted tissues and give new vigor and power to the whole body. Lack of sufficient iron in the blood not only makes a man nervous, unsteady and easily fatigued, but it robs him of that vital force, that stamina, that strength of will which is necessary to success. I strongly advise every man who is lagged out by worry, work and other strains to build up his strength by taking Nuxated Iron—pure organic iron—Nuxated Iron—for I consider it one of the foremost blood and body builders, the best to which I ever had recourse."

Confirming Dr. King's opinion on the great and almost immediate benefits felt from Nuxated Iron, former United States Senator William E. Mason has this to say: "I gave Nuxated Iron a trial, and the results have been so beneficial in my own case that I have made up my mind to let my friends know about it and you are at liberty to publish this statement if you so desire. I am now sixty-five years of age and I feel that a remedy which built up the strength and endurance of one of my age, should be known to the world."

## Over One Million In Dividends

That's our record in thirty-nine years. It is further proof of the success we've achieved—success made possible only by the development of Ogden's industries.

The task of pioneering—of striking out into new fields, of building up a community through its industry and commerce, has been the aim of the First National Bank since it was established.

It is still our policy to help blaze the trail for deserving businesses, and for that reason closer acquaintance with us is to your advantage.
