Major R.M. Youell

Dear Sir

I James Bell an inmated [sic] of this camp. I am writing about my eyes. As you remember I lost one of my eyes on Camp 15. And it gives me a little trouble now and then. It falls out every once and a while And as I am working in the Rock quarry I am afraid that I will break it and I hope you will have the Sargent to change me to another position. And I all so would like to no how much time was cut from my sentence for losing my eye. So I await your earliest reply.

Yours Truly
